for Sensitive Skin

efficacy and effect

Helps relieve acne-prone skin

No more fear of washing! Gentle care for sensitive skin

Mild and non-irritating Hydrating Ampoule -to-Foam Cleanser

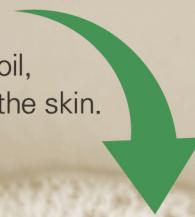

Makeup Cleanser

Effective First Cleansing, Makeup Removal.

Non-sticky Gel type

A gel type that is thicker than oil, so it cleanses every corner of the skin.

Deep cleansing

Meets water and Dense foam
Second Cleanses Thoroughly.

Gel-to-foam transforming cleanser

unique gel-to-foam formula provides a gentle yet effective cleanse, removing impurities and makeup effectively without stripping away your skin's natural moisture.

More special ingredients for your skin

EGF + Natural Premium 4X Complex Extract

Strengthening support

EGF : RH-Oligopeptides-1

It promotes skin regeneration, effectively improving acne scars and strengthening the skin barrier for clearer and healthier skin.

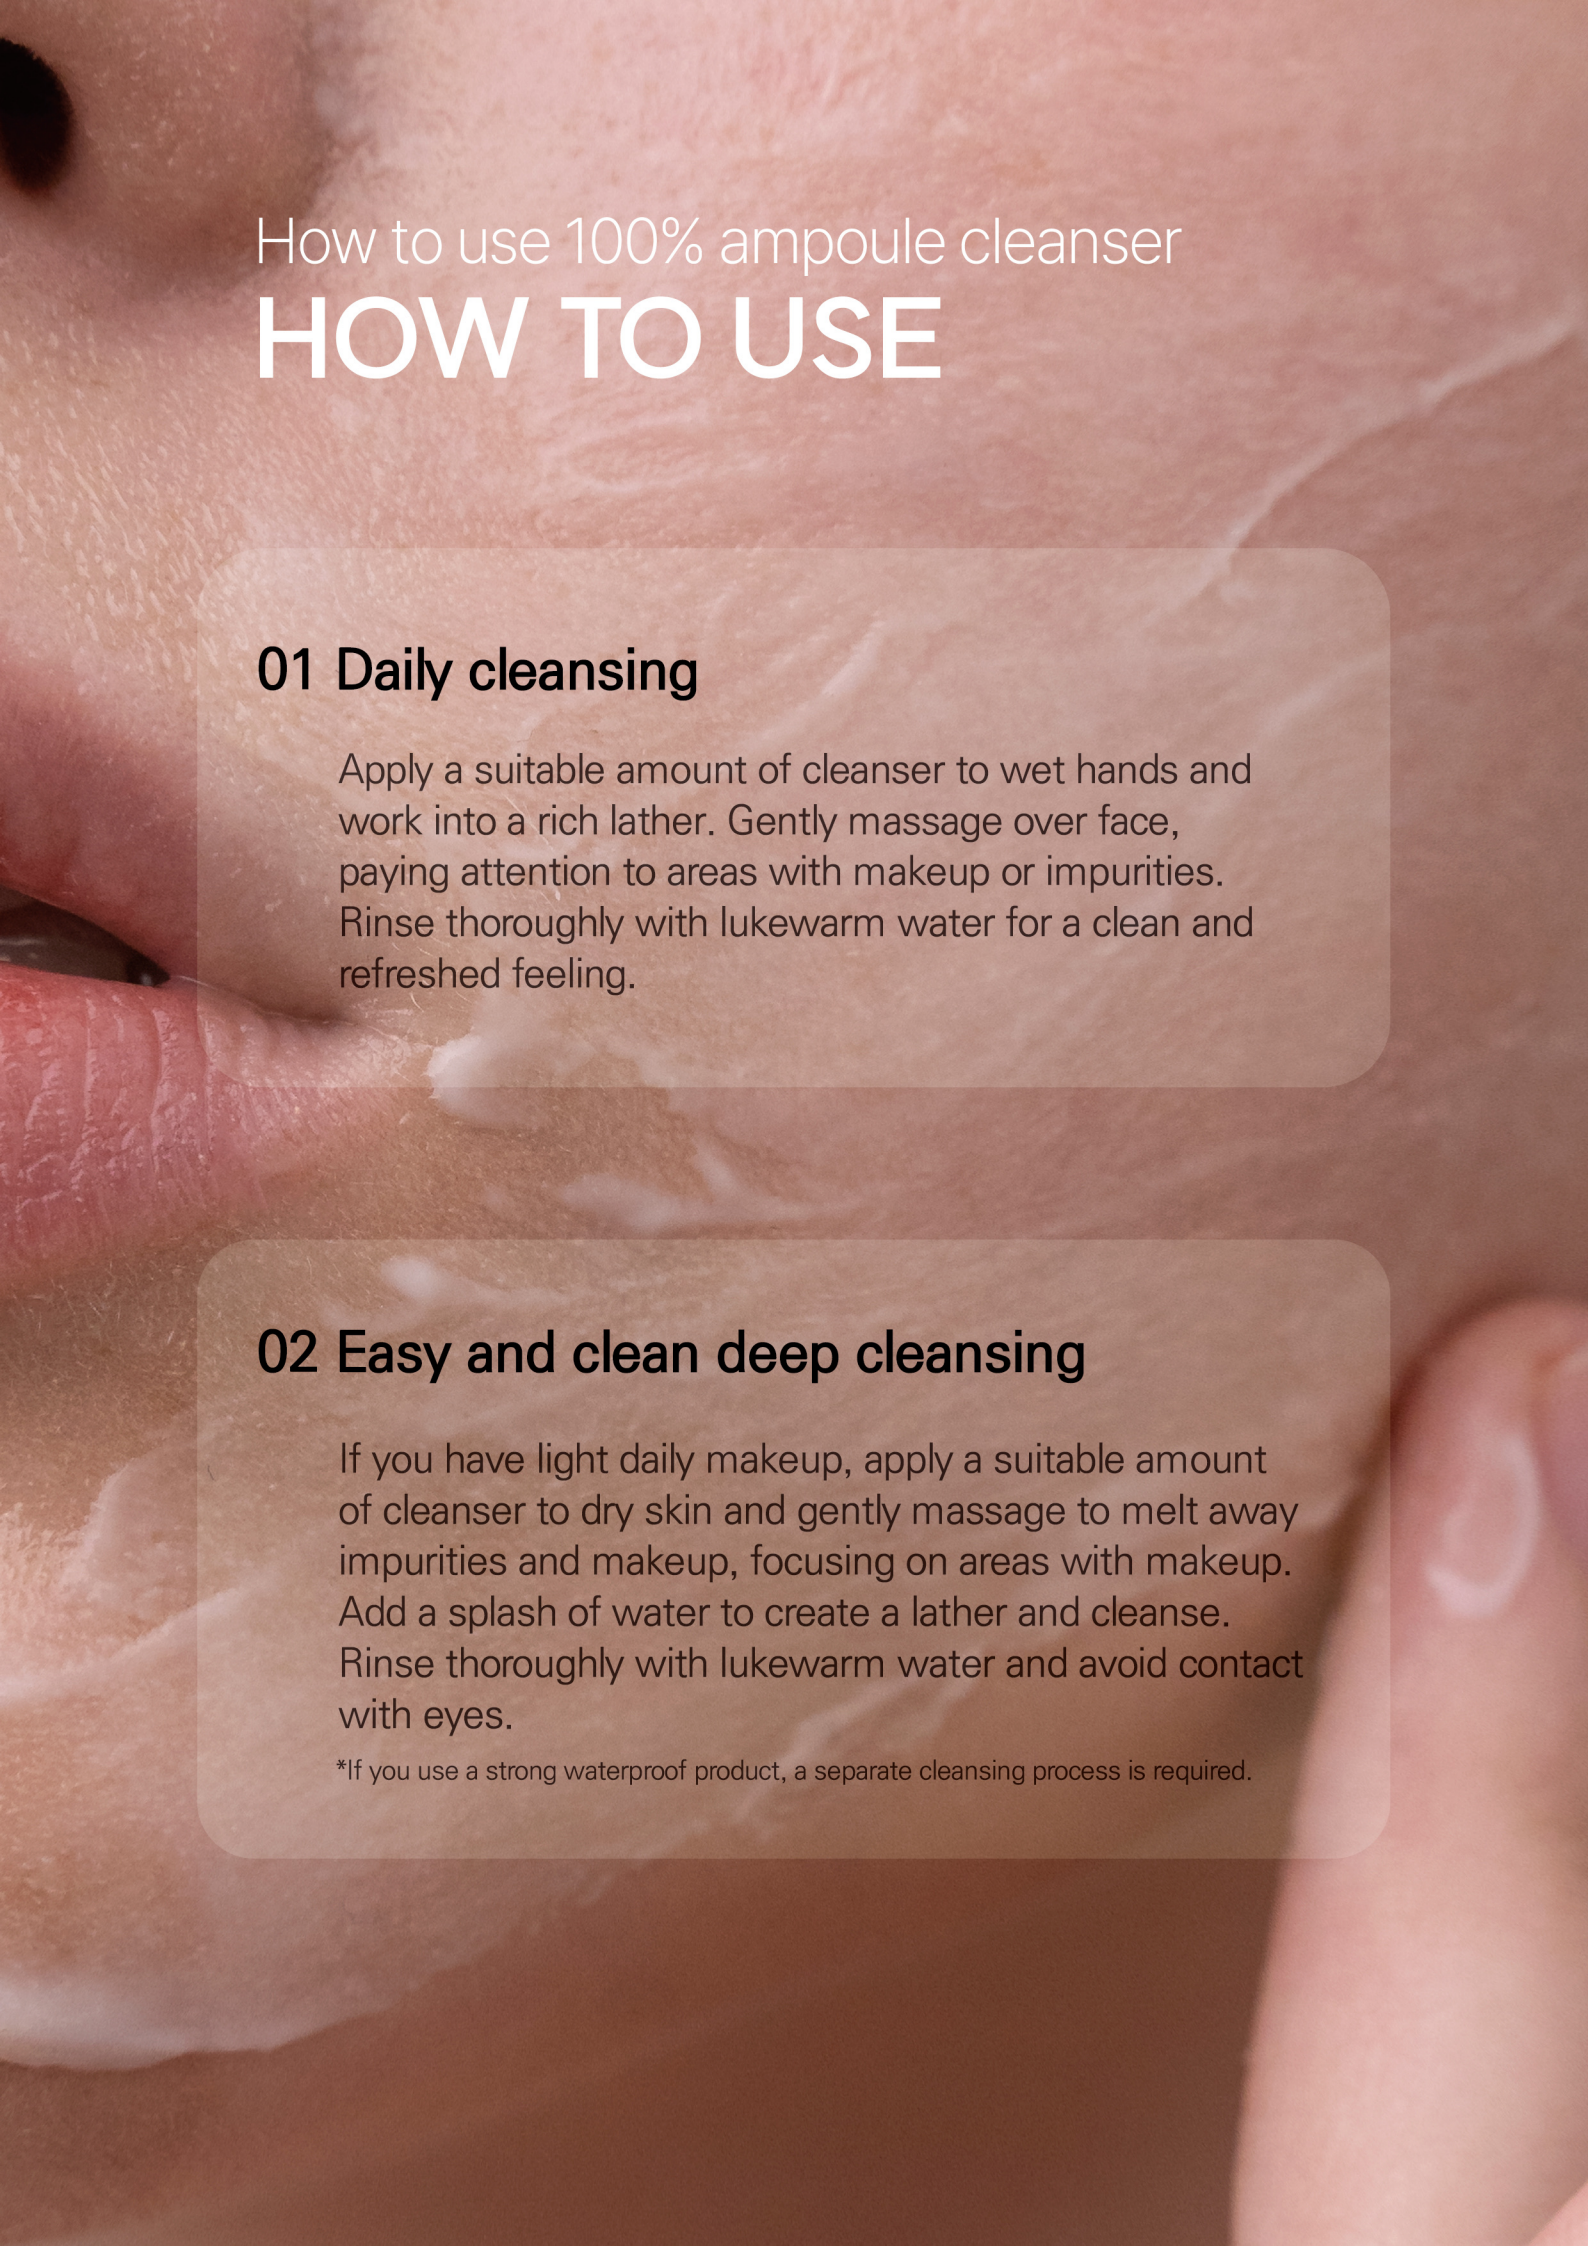

Specially extracted from nature

Natural Premium 4X Complex Extract

Quickly soothes redness and maintains healthy skin with its excellent anti-inflammatory and calming effects.

A close-up photograph of human skin, likely a face, showing the texture and pores. A translucent, gel-like substance (the ampoule cleanser) is being applied to the skin, creating a thin layer. The background is a soft, out-of-focus skin tone.

How to use 100% ampoule cleanser

HOW TO USE

01 Daily cleansing

Apply a suitable amount of cleanser to wet hands and work into a rich lather. Gently massage over face, paying attention to areas with makeup or impurities. Rinse thoroughly with lukewarm water for a clean and refreshed feeling.

02 Easy and clean deep cleansing

If you have light daily makeup, apply a suitable amount of cleanser to dry skin and gently massage to melt away impurities and makeup, focusing on areas with makeup. Add a splash of water to create a lather and cleanse. Rinse thoroughly with lukewarm water and avoid contact with eyes.

*If you use a strong waterproof product, a separate cleansing process is required.

JUST FOR YOU

- ✓ This product is recommended for those with sensitive, acne-prone skin who struggle with finding gentle yet effective skincare products.
- ✓ This product is ideal for individuals with oily skin that is also dehydrated and has an imbalanced oil-water balance who are looking for a product that can control sebum production and hydrate the skin at the same time.
- ✓ This product is ideal for individuals seeking a cleanser for both facial and body acne, including back acne and chest acne.
